Puma 4 - Supplied with The Puma IV. Download View All Direct Links. Gcc Puma 4 Laser Vinyl Cutter. Download. To use the new driver for Puma IV, select "USB/Parallel" and the application software that was supplied with Puma IV for "Uninstall".. Gcc Puma 4 Vinyl Cutter. Download. . Unable to launch the camera for capturing the images. Can somebody please help? The same code works fine when the intent is to simply navigate to the camera app. A: Try this: In manifest, In styles.xml: true In MyActivity.kt (Reduced to just a bit of code that calls startActivityForResult() ) private fun startActivityForResult() { val uri: Uri? = intent.data val selectedImage = ImagePickerActivity.Companion.getSelectedImage(this, uri) val file = File(selectedImage.path) FileUtils.copyFile(file, path) startActivityForResult(Intent(Intent.ACTION\_MEDIA\_SCANNER\_SCAN\_FILE).apply { addCategory(Intent.CATEGORY\_OPENABLE) putExtra(Intent.EXTRA\_INITIAL\_URI, uri) }) } Q: Bootstrap img-centered wrapper doesn't fill the width of its container I'm using a div wrapper to center an image inside the Bootstrap 4 responsive grid. The wrapper is itself centered inside the container. This is my HTML: ba244e880a
