As implied in the title, there's lots of snow, including in the mountains. But the snow does not ruin the wonderful forests, amazing ice and waterfalls, or the blizzard-like scenery. Although it's possible to save your game at the beginning of the first snowstorm, there is no timer or warning with it so it is possible to lose before knowing what to do. In some ways, the game feels like the end of Civilization V because you can't evacuate your cities. I believe that you should be able to destroy or abandon a city if you're in a bad situation.
