Reception The PC version of Amnesia: The Dark Descent was generally well received, with GameRankings and Metacritic  
giving it scores of 81.64% and 86 out of 100, respectively. Although the game's visuals were widely praised, reviewers criticised  
the game for requiring too much work to get through certain sections. Its linearity was also considered a factor in its failure to  
attract the market share it did. Awards The game was nominated for several awards, including "Best Horror Game" and "Best  
Game Visuals" at the 2005 Game Developers Choice Awards. Amnesia won Best Horror Game at the 2005 GameSpot Best and  
Worst of E3. Amnesia: The Dark Descent won the 2005 Gamespy Game of the Year. The game was nominated for GameSpot's  
2005 "Game of the Year" award, but lost to Final Fantasy XIII. Amnesia: The Dark Descent was awarded Best PC Game of  
2005 by the readers of GameSpot. Amnesia: The Dark Descent was awarded Best Action Game of 2005 by the readers of  
GameSpy. Amnesia: The Dark Descent was awarded Best Survival Horror Game of 2005 by the readers of GameSpot.  
Amnesia: The Dark Descent was awarded Best Artistic Achievement of 2005 by the readers of GameSpy. References External
